Classroom Learning Time

It is important to arrive to classes on time to maximize the learning experience for all students. Lessons begin in our classrooms at 8:00 am and often start with an important mini-lesson which sets students up for success with the learning activities.

Principal's Message

Dear Parents and Guardians,

I want to take the opportunity to thank all the volunteers who provided support to Atlantic View this year. We would have never accomplished all of the things we have done for our students without your help. Thank you to those who baked for our breakfast program and those who came in the early morning to get the food bins ready for the classrooms - and to Shaunna McNamara who coordinated and supported these volunteers. Also thank you to those who were able to help with our Pancake Lunch for students in February and those who assisted with the school barbeque. We were excited to be able to have volunteers spend time reading with our students this year - thank you for your time with this and I hope we are able to continue to grow the program next year with more volunteers. Thank you to those who helped with our class trips as chaperones. These are always very special events in our school community and we appreciate your support and you taking the time to share these experiences with our students.

Please reach out if you have any questions or concerns.
